Opportunity awaits you.

FIRST TO WORK EDUCATION SPECIALIST

The Education Specialist will work with First to Work (FTW) participants to create vocational/educational goals as well as a design a plan to ensure students are prepared to begin their new career paths. As participants progress in their non-credit courses/programs, the education specialist will keep in contact to make sure the participants are always supported.

We are here to help you
achieve and succeed in
all your educational
and career goals.

WHAT WE DO

Assess

We use RIASEC and FOCUS 2 assessments to discover jobs that match with your interests, personality, and skills. These assessments help to guide us when choosing a career path.

Plan and Develop

The Education Specialist will work together with the FTW participant to create a vocation/education plan. These plans help to guide participants through their career journey.

Enroll

Once all applications are completed and prerequisites fulfilled, the Education Specialist will help FTW participants to enroll in the non-credit program/course of their choosing. **Tuition is free** for eligible FTW participants!

Job Referrals

After the completion of the program/course the Education Specialist will coordinate and refer the FTW participant to employers related to their course of study.
