FIRST TO WORK
in partnership with
Kapiʻolani Community College
Office of Continuing Education & Training

Opportunity awaits you.
The Education Specialist will work with First to Work (FTW) participants to create vocational/educational goals as well as a design a plan to ensure students are prepared to begin their new career paths. As participants progress in their non-credit courses/programs, the education specialist will keep in contact to make sure the participants are always supported.

We are here to help you **achieve** and **succeed** in all your educational and career goals.

**WHAT WE DO**

**Assess**
We use RIASEC and FOCUS 2 assessments to discover jobs that match with your interests, personality, and skills. These assessments help to guide us when choosing a career path.

**Plan and Develop**
The Education Specialist will work together with the FTW participant to create a vocation/education plan. These plans help to guide participants through their career journey.

**Enroll**
Once all applications are completed and prerequisites fullfilled, the Education Specialist will help FTW participants to enroll in the non-credit program/course of their choosing. **Tuition is free** for eligible FTW participants!

**Job Referrals**
After the completion of the program/course the Education Specialist will coordinate and refer the FTW participant to employers related to their course of study.
